Notes from **Rogo Field** about club member's adventures

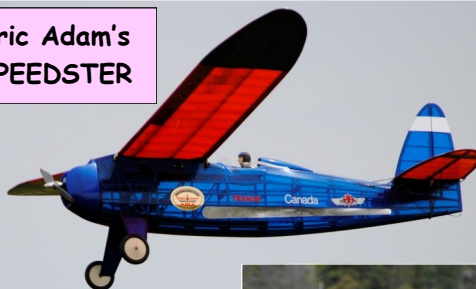

Saturday at ROGO Field !

Saturday was a great day at the field. We started by fixing a roller so we can smooth out some of the bumps. Then we flew despite the gusty winds and cool temperatures. There were about 14 members having fun when I left around 4:00pm. Lots of new and different models out. Boy do we have an active and diverse club or what?
