Sonic Combat Comes To TEMAC!

**Ron Brott of Pinnacle Representing the Royal Flying Corp.
While Greg Cadez flew for the Imperial German Air force.**

Description:

ParkZone Sonic Combat Module.

Plug in the Sonic Combat Module and take on similarly equipped HobbyZone planes in aerial combat. When "hit", the SCM temporarily disables your opponent's motor for three seconds while still allowing them to steer.

The Sonic Combat Module is compatible with any X-Port equipped HobbyZone airplane, like the Firebird Commander, Aerobird Challenger, and Aerobird Xtreme.

The Sonic Combat Module also works with X-Port equipped ParkZone Aircraft such as the F-27 Stryker, and Slo-V.

**Rumour has it that Ron Cheated and shot
Greg down on Take Off!**

**I feel a grudge match coming on!
Maybe on Wednesday if the weather
cooperates?**
