TEMAC TICKLER

ADVENTURES FROM ROGO FIELD

"TEMAC Gets Busy in the Winter Season"

This is the Beginners build class from last year. Build classes for this year start Wednesday 21st October.

We still have a few weeks to fly at ROGO-Field hopefully. You should definitely plan to attend the "Skills Challenge" on Sunday 18th October. There will be events for all levels of flying experience, including our students. Check out the action from our last Piker race also!

Our Winter schedule kicks-off on Wednesday 14th October at Colonel Mustards on Hwy 7, near 9th Line. Dinner will be served in the basement event room, Cliff & Ken will offer menu advice!

HAVE FUN

BE SAFE

BE COURTEOUS
